MONUMENT TO RECALL HISTORIC FORT

WARSAW, Ill., Sept. 24.—On the hundredth anniversary of the erection of Fort Edwards at this point in the second war with Great Britain, a monument in commemoration of old stockades will be dedicated in conjunction with the continental furies to be held here next week. Prominent speakers and pioneer residents of Missouri, Iowa and Illinois will take part in the programme.

Fort Edwards was built by Zachary Taylor in 1814, and for ten years United States troops were quartered there. The monument, standing fifty feet in height, is located on the east bluffs of the Mississippi. The point was selected by Gen. Taylor as the location for the fort because of the sweeping view it commanded of the river.

TO VOTE AT SOCIAL CENTRE.
MADISON, Wis., Sept. 25.—A unique pageant and celebration is to be held in Sauk City at the end of next week. It will mark the recent decision of Sauk City to move its voting precinct from the town hall to the social centre in the schoolhouse, where it is to be made a part of the educational

DOPETERS ALREADY FIGURING ON THE ATTENDANCE FOR GAMES WORLD'S SERIES

WITH BOSTON BRAVES AND PHILADELPHIA ATHLETICS BATTING CRITICS ARE EXPECTING GREAT CROWDS—SERIES BETWEEN GIANTS AND THE ATHLETICS WOULD BE TAME IN COMPARISON, AS McGRAW CREW HAVE BEEN OFTEN WHIPPED.

Already the critics are beginning to figure what will be the attendance at the world's series games this season. Few believe that any new records will be set, no matter whether the Athletics play against the Boston Braves or Giants. If the Mackmen should happen to tap New York which is not at all probable in view of Boston's six-game lead, few new faces would be presented, as these clubs have met in the past.

If the Braves win and play against the Athletics interest in the series would be intense. Both parks would be packed to the limit, but the seating capacity in Boston would be considerably less than in New York.

The largest crowd that ever was seated in Philadelphia was for the first game of the 1910 world series, when the Cubs met the Athletics. The attendance was 28,891. Should the Braves win they would use Fenway Park, the home of the American Leagueans, which has a greater seating capacity than the Braves' park. The largest crowd ever seated in Fenway Park was 31,682 for the fourth world series game in 1912 between the Giants and Red Sox.

On Labor Day this year the Giants and Braves played to 38,000 in the morning game and about 40,000 in the afternoon game, but that included fans who stood on the field. World series rules bar spectators from the field.

The greatest crowd that ever saw a world series game was in New York on October 14, 1911, when 38,281 fans paid \$7,359 to see the first game between the Giants and Athletics. The smallest crowd that ever witnessed a world series combat turned out in Chicago for the fifth and deciding game between Detroit and the Cubs on October 14, 1908, only 6,210 fans paid admission. The receipts were \$19,577.50.

The record attendance and the record receipts for a world series were established in 1912, when the Giants and Red Sox played eight games before the Red Sox finally annexed the championship. The receipts for the eight games totaled \$499,143, contributed by 251,901 fans.

The smallest crowd that ever saw a world series was in 1908 during the Cubs-Tigers battle. Only 62,282 fans turned out for the five games. They contributed \$94,875.50. This figure is not the low record, however, as the first world series battle in 1903 between Pittsburgh and Boston drew only a trifling over \$50,000. However, in those days the standard high prices which prevail now for world series receipts were not in vogue.

Here is a table showing the total attendance and the total receipts for world series since the series became a feature of modern baseball:

Year	Clubs	Attendance	Receipts	Games
1903	Pittsburgh-Boston	109,429	\$41,000.00	8
1904	No series			
1905	New York-Philadelphia	51,723	68,125.00	5
1906	White Sox-Cubs	92,843	106,550.00	6
1907	Chicago-Detroit	78,668	101,728.00	5
1908	Chicago-Detroit	62,282	94,572.50	5
1909	Pittsburgh-Detroit	115,399	188,392.50	7
1910	Philadelphia-Chicago	123,322	172,980.00	5
1911	New York-Philadelphia	178,351	242,164.50	6
1912	New York-Boston	251,901	452,419.00	8
1913	New York-Philadelphia	150,892	325,986.00	5

Charles Clancy is making quite a record as minor league pilot. In the four years he has managed the Winston-Salem North Carolina league team Clancy has won three pennants.

The Brooklyn Superiors won 12 out of the 18 games played with the Boston Braves. As but three games remain to be played between the two teams the season's series goes to the Superiors.

EIGHTEEN CHAUFFEURS FORM LOCAL UNION NO. 353

Eighteen chauffeurs of Corpus Christi, last night met in the Commercial Club rooms and organized what will be known as the Union's local No. 353 being affiliated with the International Brotherhood of Chauffeurs and Teamsters. The charter for this organization has been presented, and the union is now in full force.

There has been a movement on the part of taxi chauffeurs for the automobile drivers in the city to form a union of this kind, as protection both to themselves and the customers of the lines, and although such a motion was formed and discussed some time ago the members felt that their venture will be a success. The secretary of the local reports that the customary contracts have been signed with the Seaside and Arrow automobile lines.

The officers elected last night were: W. Burton, president; M. L. Berry, vice-president, secretary and treasurer; Leo Green, recording secretary; A. K. Green, trustees; Emmett Jelton, T. V. McDowell and Martin Lofstrand, conductor; J. P. Rossi and warden, R. Shirley.

The record attendance and the record receipts for a world series were established in 1912, when the Giants and Red Sox played eight games before the Red Sox finally annexed the championship. The receipts for the eight games totaled \$499,143, contributed by 251,901 fans.

"It is impossible for me to answer personally the great number of telegrams and letters and protests against the various provisions of the proposed bill. It is too late to either wire or write me since the bill has been made up as directed by the Democratic caucus and a good-party man I shall vote for it.

"Of course, it is well known that I did not believe it was necessary to levy additional taxes at this time, but the President, who doubtless is better acquainted with the state of this Union than I, has said by message to Congress that it is absolutely necessary and my Democratic colleagues of the House have agreed with the President. I have yielded to their combined judgment.

"I bitterly opposed placing of any taxes either upon necessities or upon commerce, contending that we should

not be able to do anything in the House.

"I believe the tax on bank capital,

surplus and undivided profits to be excessive, as well as the increased tax over the Spanish War tax, on Sept. 1, don't like the stamp tax, either, as it will be obnoxious to so many. It will be sooner repealed."

Representative Garret's statement ends.
